GENERAL INFORMATION

The University

The Open University of Sri Lanka (OUSL) was established in 1980, and is a national university constituted under the University Act No 16 of 1978 and has the same legal and academic status as any other national university in Sri Lanka. It is the only recognized university in Sri Lanka where students pursue further education through distance education methodology.

As such, the academic programmes of the OUSL are well suited for employed persons and adults. These programmes have been specifically designed to enable persons aged 18 and above to follow Foundation Courses or Programmes leading to Certificates, Diplomas, Degrees and Post Graduate Degrees/ Diplomas at their own leisure and in their own homes.

The Central Campus of the Open University is in Nawala, Nugegoda. There are nine Regional Centres in Colombo, Kandy, Matara, Anuradhapura, Batticaloa, Jaffna, Kurunegala, Badulla and Rathnapura and several Study Centres located throughout the island.

The OUSL currently consists of four faculties viz. the Faculty of Education, the Faculty of Humanities and Social Sciences, the Faculty of Natural Sciences and the Faculty of Engineering Technology.

The Courses and the Academic Programmes

According to Open University vocabulary, a COURSE is a basic unit of study, normally completed over a period of an academic year.

A combination of compulsory and elective courses makes up a PROGRAMME OF STUDY. The successful completion of the programme of study leads to the award of a Certificate, a Diploma or a Degree. Students must complete COMPULSORY COURSES in order to fulfil the requirements of a particular programme of study.

The different kinds of academic programmes of study in the OUSL are as follows.

- (1) Foundation
- (2) Certificate
- (3) Diploma
- (4) Bachelors' Degree
- (5) Postgraduate Diploma
- (6) Masters' Degree
- (7) M.Phils'
- (8) Ph.Ds'
- (9) Continuing Education Programmes

For example, foundation programmes are the gateway to most other academic programmes and appear at two levels-First Level (F1) and Second Level (F2).

A student who successfully completes the Foundation Programmes of the Open University in a particular area of study attains an educational level equivalent to what is necessary to seek admission to conventional universities.

Each course has a course code, which consists of 7 alphanumeric characters. For example: MCU1201

First two letters	The field of study, as given in Table -1.
Third letter & first digit	The course level, the category of the programme as given in Table 2.
Second digit	The credit rating, as given in Table -03.
Last two digits	Unique serial number.

The Study System of the OUSL

The Open University of Sri Lanka imparts knowledge to its students through distance mode of education. Within this system, students and academics remain physically separated most of the time. Printed course material, audio-video material and face to face academic counselling sessions establish a dialogue where necessary.

Printed Material

The central element in this teaching system is a series of printed texts that every student receives. These fulfil several purposes. They provide the student with a primary study material. The print materials are equivalent to face-to-face lectures and motivate questions and activities are interspersed throughout the text. The intention of these questions is to help the students in thinking independently while developing analytical skills

Audio - visual Devices

Audio – visual devices enliven studies by enabling the student to watch video films and relevant material and provide an opportunity to listen to audio cassette presentations by Open University staff and other experts in the specific fields. Audio visuals are thus an important teaching aid for the self-learner.

Day Schools

While printed course materials and audio visuals form the main components of the study packs in the distance education system of the OUSL, day schools are conducted from time to time at Regional and Study Centres. These day schools are primarily for discussions, clarification of problems, and are often conducted by academic staff of the OUSL as well as visiting academics from other Universities, academic institutions and the like.

Assignments and Examinations

Student performance is evaluated through a system of Continuous Assessment (CA) and Final Examinations. During the course of an academic year, students are required to submit a number of assignments, which are graded and returned to them, together with the tutors' comments. This is termed "Continuous Assessment". The form, structure and the number of assignments per course will be decided by the department and may vary from course to course. They could take the form of closed book tests; take home assignments, project proposals and the like.

Students should read counselling materials given to them after admission and understand the importance of continuous study and Continuous Assessment. No student will be permitted to sit the final examination unless he/she obtains a pass in the Continuous Assessment component and thus gains eligibility to sit for the final examination. At the end of the academic year a final examination is held. The final grade and award are determined by the overall result obtained for Continuous Assessment and Final Examinations. Students who do not obtain the required marks for eligibility to sit Final Examination will need to re-register for the respective course. Students who obtained eligibility but are unsuccessful at the Final Examination will have to re-sit the Final Examination. They have to obtain studentship at the Registration.

The Overall Assessment mark (Z %) of a student in respect of any course shall be based on the Continuous Assessment Mark(X %) and the mark obtained at the Final Examination (Y%) and shall be computed as follows;

When, $Y < 40$, then $Z=Y$

$Y \geq 40$, Then $Z = 30\%X + 70\%Y$

Marks Range	Grade	Grade Point Value
85-100	A+	4.00
75-84	A	4.00
70-74	A-	3.70
63-69	B+	3.30
55-62	B	3.00
50-54	B-	2.70
45-49	C+	2.30

Regional Services

OUSL has a network of Regional and Study Centres throughout Sri Lanka. These centres provide limited facilities for face-to-face teaching, library audio-visual aids, distribution of course material, conducting examinations, counselling and the like. A list of Regional and Study Centres are mentioned in the page No. 08.

Library Facilities

Library facilities are available at the Central Campus at Nawala and several other Regional/Study Centres. Reference facilities are mainly provided at the Colombo Regional Centre of the Open University. Students are advised to use library facilities as it is an important aspect of the study system. The University has made every effort to provide some library facilities in the Regional Centres. However the Central Library in Nawala provides better facilities and students are encouraged to use it.

The OUSL Library system is different to conventional libraries. It caters to needs of a large body of students throughout the country. Registered students at level 3 or above are entitled to borrow books. A student to obtain tickets will have to pay a refundable deposit to the shroff and submit the receipt at the library counter to obtain tickets. You would have to deposit Rs.500/= for 2 tickets.

Fees and other costs

In principle, fees are due on demand and you must pay the fees promptly. The University reserves the right to revise fees and all other charges at any time without prior notice. Fees once paid will not be refunded.

Fees do not include residential or day school fees, if any and do not cover the cost of set books, or incidental expenses a student may incur in the course of her/his studies.

An applicant, who receives an offer for a place in the Open University for a programme of study, will receive an invoice for registration and tuition fees giving due dates for payment. Failure to pay fees in time means the withdrawal of a place from the Open University.

The method of payment of fees will be described in the invoice. However, tuition fee is payable in two instalments, first instalment must be made on or before the day of registration.

Tuition Fees for a particular year will normally be increased by a ten- percent (10%) annually.

Registration

Students who wish to follow the programmes or courses of study at OUSL must register themselves during respective period for such registration by paying the required fees.

It is recommended that students should present themselves for registration as counselling and academic advices with regard to their chosen field of study or programme are available during registration.

In the event of a student being unable to be present in person, he/she may request registration on his/her behalf by authorising another person to attend to registration procedures.

Registration is conducted at Regional Centres and selected Study Centres. The availability of registration facilities at a particular centre depends, however, on the number of applicants at that centre.

However to those eligible to follow the BMS Degree programme in the academic year 2015/2016, the registration has been tentatively scheduled to be held in mid April 2015, in the Colombo, Kandy, Jaffna, Batticaloa, Anuradhpura, Matara, Kurunegala and Badulla Regional Centres and in the Vavuniya, Puttalam and Kalutura Study Centres.

Note: Students are not allowed to change the Study /Regional Centre after they get registered the programme.

Registration is permitted for a maximum of two programmes with a maximum of 45 credits as follows:

Maximum of 36 credits for courses in a maximum of two regular programmes and maximum of 9 credits as continuing education courses.

Students registering for two programmes concurrently may find that academic activities and examinations of the two programmes may clash. The University will not hold itself responsible for any inconvenience or disadvantage that may arise out of such a situation.

A student shall not be given mere studentship in the year in which he/she first applies for registration for any programme. He/she shall be required to take a minimum of 9 credits of courses.

Studentship will be granted up to 7 months from the last date of registration. Students are allowed to drop the courses within a period of two months after the registration.

The Department of Management Studies

The Department of Management Studies comes under the Faculty of Humanities & Social Sciences. At present, it conducts four academic programmes. viz.,

- i. Commonwealth Executive Master of Business Administration/ Commonwealth Executive Master of Public Administration- two year duration (English medium)
- ii. Master of Business Administration in Human Resource Management (MBA in HRM) - two year duration (English medium)
- iii. Diploma in Management/Bachelor of Management Studies Degree – four year duration. After successful completion of the first two years of the degree candidates would be awarded with a Diploma in Management. This programme is offered in English, Sinhala and Tamil media in the 1st and 2nd years.
- iv. Certificate in Entrepreneurship and Small Business Management –one year duration (Sinhala, Tamil and English media).

The core purpose of the Department of Management Studies is to be a centre of excellence for continuous upgrading of the managerial skills through distance, open and continuing education in Sri Lanka. The Department is committed to achieve excellence in teaching, learning, training and research activities in order to meet the challenge of change.

Part II

DIPLOMA IN MANAGEMENT STUDIES **BACHELOR OF MANAGEMENT STUDIES DEGREE PROGRAMME**

Introduction

In our rapidly changing socio-economic environment, there is a growing demand for trained personnel in management of business and other managerial fields. Conceptually equipped, trained managers are increasingly in demand. The concerted national and international thrust towards international-demand-driven economic activities generate pressure for developing relevant human resources for the conduct of complex business management in local/foreign trade and commerce. However, due to a lack of adequate institutional arrangements and economic hardships, a large number of persons, particularly in outlying districts continue to miss the opportunity for gaining an education in management especially at the Degree level. There is also the need to cater to those in employments and to those who wish to further their education in management studies. The primary purpose of introducing the DIM/BMS Degree programme is to meet these felt needs of the country. Upgrading knowledge and skills in management is likely to improve the efficiency of performance of business and other organizations thus contributing to higher national productivity.

Aims and Objectives of the Diploma/ Degree Programme

- a) To provide a vision of management to face the business challenges of the 21st century.
- b) To provide advanced knowledge and skills to those in need of training in management, at the degree level.
- c) To inculcate professional decision making capabilities.
- d) To expose students to concepts and principles of environmental, social and ethical issues and responsibilities in business.
- e) To address global issues of management in a changing international environment of business and commerce.
